

TISSUS NETT

Fabric cleaner

USES

Specially designed for cleaning automotive fabrics (carpets, floor mats, seat covers, etc.).

TISSUS NETT is suitable for all types of fabric: velour, cotton, synthetic fibres, etc.

PROPERTIES & ADVANTAGES

- ▶ Deep foaming action removes even the toughest stains quickly and easily.
- ▶ Restores a fresh new look to your car's interior, leaving fabrics and upholstery with a soft touch.
- ▶ Revives the colours of faded fabrics.

INSTRUCTIONS FOR USE

1. Remove dust with a vacuum cleaner.
2. Shake the aerosol well before use.
3. Spray evenly about 15 cm from the surface.
4. Clean with a brush, rub the surface with a dry rag and let the fabric dry.
5. Restore texture using a vacuum cleaner after the area has dried.

PRECAUTIONS FOR USE

Before use, carefully read the safety label on the packaging and/or check the Health and Safety Data Sheet available at yacco.com.

Chose a hidden spot to test on upholstery and fabrics for colour fastness.
