## PROPERTIES & ADVANTAGES

- ▶ Ashless formula to improve combustion, reduce pollutant emissions and boost fuel economy (up to 3% in service).
- ▶ Significantly reduces black exhaust smoke.
- ▶ Protects the injection system from rust and corrosion.
- ▶ Keeps injectors clean, extending their service life.
- ▶ Increases the cetane number by 2 or 3 points.
- ▶ Anti-foaming properties in hydrated and non-hydrated fuel.

## INSTRUCTIONS FOR USE

Treatment in vehicle tank:

**Preventive treatment:** 1 dose of 200 ml for a 40 to 60 L fuel tank

**Curative treatment:** 2 doses of 200 ml for a 40 to 60 L fuel tank

**For agricultural equipment** (or off-road vehicles), ANTIFUMEE DIESEL is also effective in domestic fuel oil: add 4 L for a 1000 L fuel tank.

- ▶ To ensure ANTIFUMEE DIESEL mixes properly with fuel oil, we recommend you pour it in half way through filling up.
