

NETT CHAINE MOTO

Motorcycle chain cleaner

USES

Motorcycle chain cleaner is specifically designed to clean all types of motorcycle chains, quad, and those of other two-wheelers.

Removes effectively grease, residue, and encrusted dirt, while respecting O-rings and plastic materials. Increases the lifespan of the chain.

Also suitable for cleaning dirty mechanical parts of two-wheelers.

PROPERTIES & ADVANTAGES

- ✓ The Cobra head nozzle can provide variable spray patterns:
 - folded nozzle for a wide spray angle
 - up-right position for a precise spray jet
- ✓ Dissolves effectively grease or oil deposits, and all stubborn dirt.
- ✓ Gives a deep clean without removing the chain.
- ✓ Compatible with X-rings and O-rings.
- ✓ Non-aggressive to paint and plastic parts.
- ✓ Leaves no residue.
- ✓ Effectively prepares the chain for optimal lubrication.

INSTRUCTIONS FOR USE

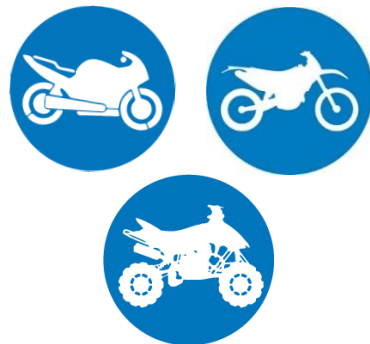

1. Shake the aerosol before use.
2. Spray over the chain from a distance of 15-20 cm.
3. Leave the product act for **20 to 30 seconds**.
4. Scrub with a suitable brush if necessary.
5. Remove dirt using a clean rag .
6. Repeat in case of tenacious dirt.

△ It is recommended to lubricate the chain after the product has completely dried.

PRECAUTIONS FOR USE

Before use, carefully read the safety label on the packaging and/or check the Health and Safety Data Sheet available at yacco.com.
Use in a well-ventilated area.
Keep out of reach of children.

Delivered in a 400ml aerosol package
